Any future response should include a status of claims and support for claim changes made in the amendment filed Dec. 12, 2006 as required by 37 CFR 1.173.

The reissue oath/declaration filed Dec. 12, 2006 is defective (see 37 CFR 1.175 and MPEP § 1414) because of the following: The reissue declaration indicates that the original patent is partly inoperative or invalid for including limitations in the claims that were not required by the prior art. However, original claims 1-14 have not been amended by deleting any limitations (other than to correct for typographical errors in claims 5 and 7). Thus, the declaration makes no sense when compared to the claims as they currently stand. The declaration refers to a claim 15 which was submitted in an amendment mailed Sep. 3, 2002. However, that claim 15 was cancelled and is therefore not relevant to the current set of claims and the declaration. The new claim 15 (as well as new claims 16-18) presented in the amendment filed Dec. 12, 2006 are completely different than claim 15 which was presented in the amendment mailed Sep. 3, 2002. Therefore the basis for the reissue referred to in the reissue declaration is not present. Further, the declaration indicates that claims 19 and 20 depend from claim 15. However, claims 19 and 20 are canceled.

Art Unit: 3731

Claims 1-18 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175. The nature of the defect(s) in the declaration is set forth in the discussion above in this Office action.

Claims 1-18 are otherwise allowable.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
